

# Sensory Circuits at Home

## FREE Training for Birmingham Families in Settings

Are you an early years setting or a mainstream school in Birmingham who would like to host a 'Sensory Circuits at Home' training session for your families.

This face-to-face session will support families to understand:

- What is a sensory circuit
- Who would benefit from using a sensory circuit
- How can I create a sensory circuit for my child at home

We can deliver this training within your setting/school to support up to 20 families. We advise all families to wear comfortable clothing/shoes and bring a bottle of water to the session.

**Please email us on:**
