

Working Together with Children and Families

Cromwell Junior and Infant School

What is this showcase about?

Taking part in the OAG Parent Carer Action Research Project, Cromwell Junior and Infant School worked with parents to strengthen communication and partnership around SEND support. The school focused on making information about support clearer and creating more opportunities for parents to connect with staff, professionals and each other.

Expect to see...

- How the school gathered parent feedback to identify priorities for SEND communication
- The actions taken to improve information sharing & engagement
- Reflections on how workshops, coffee mornings and professional input increased parent confidence
