

Strengthening Inclusive Practice in Ladywood Schools

Ladywood DLP (Developing Local Provision) Project

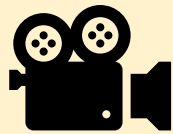

What is this showcase about?

Schools across the Ladywood district have worked together through the DLP project to strengthen inclusive practice for pupils with SEND. Through training, shared expertise and collaboration between SENCOs, schools have developed approaches, environments and routines that support emotional regulation, communication and readiness to learn.

Expect to see...

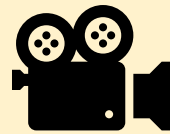

- Reflections from SENCOs and staff on how training, networking and collaboration have strengthened inclusion
- How shared learning between schools has helped develop environments, routines and strategies that support pupils with SEND
